Projects

AI Agent Inbound Call Center

Python · Fast API · Supabase (pgvector) · Ollama API · React · RAG

Delivered a full agentic pipeline (Fast API + ollama API + React/Tailwind) with a visual memory sidebar — demonstrating end-to-end flow: input → embedding → vector search → memory injection → LLM response

AI Form Filling Assistant

Python · OpenCV · OCR · Fast API

Developed an AI-powered web application that extracts structured data from Aadhaar/PAN cards using OCR and image preprocessing pipelines. Implemented OpenCV-based image enhancement techniques, improving text extraction accuracy.

Financial & Investment Advisory Agent

Python · Google ADK (Agent Development Kit) · Google Gemini API · Prompt Engineering

Built an AI-powered Financial & Investment Advisory Agent using Python, Google ADK, and Gemini API for personalized investment recommendations and financial analysis.
